Features & Details

The LR-Series COB display panel offers a lightweight, compact solution with advanced COB encapsulation technology. Designed for seamless indoor installations, it provides vibrant image quality in a slim form factor. Ideal for retail, signage, and high-traffic indoor environments, the panel supports flexible control options and efficient thermal management, delivering high performance with low power consumption.

Pixel pitch (mm)	1.25
LED encapsulation	COB 1R1G1B
Pixel density (dot/m ²)	640000
Size(W×H×D)mm	300x60x21
Resolution	240x45
Material	Aluminum
Scan mode	1/45
Flatness (mm)	≤0.10
Gray level (Bit)	14
IP rating	IP65
Weight (KG)	0.35
Brightness	50-600cd/m ² adjustable

Estimated Delivery Time - 25 Days
