Wide Viewing Angles

Features & Details

The FM Series is a modular, ultra-light, and thin LED display engineered for flexible indoor and outdoor advertising. Its 400mm-square panels are IP66-rated, silent, and quick to install, even in harsh environments. Built for performance and convenience, FM panels support front or rear servicing and feature magnetic modules and plug-and-play power design, making them perfect for wall-mounted or creative display setups.
